Part 2 - Session Proposal	
Session Title:	
Shaping the Future: AI Policy and Governance in 2030	
Session Format:	
Panel Discussion	
Where do you plan to organize your session?	
On-site	
Specific Issues for Discussion	
Artificial Intelligence is poised to become a cornerstone of technological advancement by 2030, influencing industries as well as society and citizens. The rapid evolution of AI technologies necessitates a proactive approach to policy and governance to mitigate risks and maximize benefits. This session aims to bring together stakeholders from academia, industry, and civil society to identify key challenges and opportunities in AI policy and governance, formulate actionable recommendations for policymakers and stakeholders, and establish a collaborative framework for ongoing dialogue and cooperation.	
Methodology / Agenda 1. Introduction by moderator (5 mins) 2. Short presentation by each panelist (50 mins) 3. Interactive discussion led by moderator focusing on specific themes such as ethics, regulation, and economic impact. (20 mins)	

4. Q&A (15 mins)
